2025 Year in Review

In 2025, the Red Jacket Community Library continued to be a welcoming hub for learning, connection, and community engagement. We offered 547 programs with over 2,400 attendees, providing opportunities for all ages to learn, create, and connect.

This year, the library also completed an important step in planning for the future by updating our mission, vision, and core values, along with developing a new long-range plan to guide our growth and priorities.

Our Summer Reading Program, Color Our World, was a highlight of the year, encouraging continued reading and participation throughout the summer. Outreach efforts also expanded, bringing library services into the community and strengthening local partnerships, including the addition of a new StoryWalk® at Budd Park.

Library use remained strong, with thousands of visits, materials circulated, and technology sessions supporting everyday needs. From books and digital resources to one-on-one assistance, the library continues to be a trusted resource for our community.

We are grateful for the ongoing support of our patrons, partners, and community members, and we look forward to continuing to grow and serve in the years ahead.
